Giant Bouncy Volleyball attracts top turnout at Oxford Science Park summer event

Companies based on the Science Park enjoyed a Giant Bouncy Volleyball competition at the Science Park summer event in July.

The competition involved a giant inflatable version of Beach Volleyball and 16 companies entered teams of five for the opening qualifiers.

After the knockout rounds the grand final was between 'ProImmune 2' and a combined company team 'Fruit Salad' with 'Fruit Salad' claiming the victory prize.

A BBQ was provided throughout the afternoon and companies also participated in a variety of games including penalty shoot out, Giant Jenga, coconut shy and table football. A number of stalls were also on site for visitors to browse between games.

Science Park Services Manager Robert Horsfield commented: "Today has been a great success and over 500 people joined us for the fun. We were delighted to see so many people from the Park either actively participating, or simply coming down to cheer on their colleagues and of course enjoy the food and drink as well!"
