

What does Employee Turnover cost your business?

We all recognise that employee turnover is often destructive, time consuming and costly.

If I asked you to calculate how much it is costing your business would you be able to work it out?

We are a **Psychometric Assessment Company** based at **Magdalen Centre** and we specialise in helping our clients to reduce employee turnover.

We have created an online [Employee Turnover Cost Calculator](#) to help you establish the costs associated with your levels of employee turnover. Our unique tool allows you to determine how much impact employee turnover is really having on your bottom line.

Of employee turnover costs are from hiring mistakes

Most experts agree that hiring the right people from the start is the single best way to reduce employee turnover. Up to **80% of employee turnover is believed to be caused by recruiting the wrong types of people in the first place.**

Perhaps we could meet for a cup of tea to see how we can help you reduce your employee Turnover.

Best wishes
